**About me:**

I am a college graduate from CSU Monterey Bay with emphasis on directing and producing. I believe that I can be a big asset to any company or crew because I am smart, capable and able to overcome challenges. I am also very creative, tech savy, well organized and a great team player. I know how to see the whole scope of a project and able to plan accordingly in order to come out with the best product possible. I have a diverse background all aspects of film and TV production making me a good multi tasker. I have experience dealing with Union / NON Union and am very keen on thoroughness and accuracy. I have great crew and vendor contacts that can work with any budget. I have excellent time management and know how to run a show professionally and efficiently. The best possible way to get hold of me is either email or by phone.

Sincerely,  
Ram Paul Silbey
